ÁLAMOS GOLF COURSE

Despite its relatively short length, Álamos Golf Course is a challenging test for any golfer. Affording splendid views over the Monchique mountains, lakes and farmland, the sensation here is one of being far from everything. This is a shorter course than Morgado Golf Course (Par 71), but it has all the necessary features to meet the expectations of the most demanding golfer. Rather than simply a test of your golfing skills, this course clearly demonstrates that man and nature can come together in harmony.
