

## MORGADO GOLF COURSE

PORTIMÃO

ALGARVE

### MORGADO GOLF COURSE

Located in a valley in the inland Algarve, between Portimão and Monchique, the Morgado Golf Course is challenging both to amateurs who are just starting out in the game and to highly-experienced golfers seeking to put their technique to the test. This is a par 73 course but its length is attenuated by the generous width of the fairways. However, you may be penalised if your less successful strokes happen to land in one of the bunkers scattered around the course.

- 2 Putting Greens
- Bar
- Restaurant
- Clubhouse
- Pro-Shop
- Equipment hire: buggies, trolleys and clubs
- Individual and group lessons taught by our golf pro

#### CHARACTERISTICS

The Morgado Golf Course has the typical characteristics of a links course – with flat fairways and Scottish-inspired bunkers – but which, instead of being beside the sea, like a traditional links, is set in an area of parkland.

Surrounded by the region's traditional trees, golfers playing on the Morgado Golf Course will come into contact with a different Algarve, an Algarve where the peace and quiet provide the perfect setting for a memorable round.
