

*The
Commodore
Hotel*

*The
Commodore
Hotel*

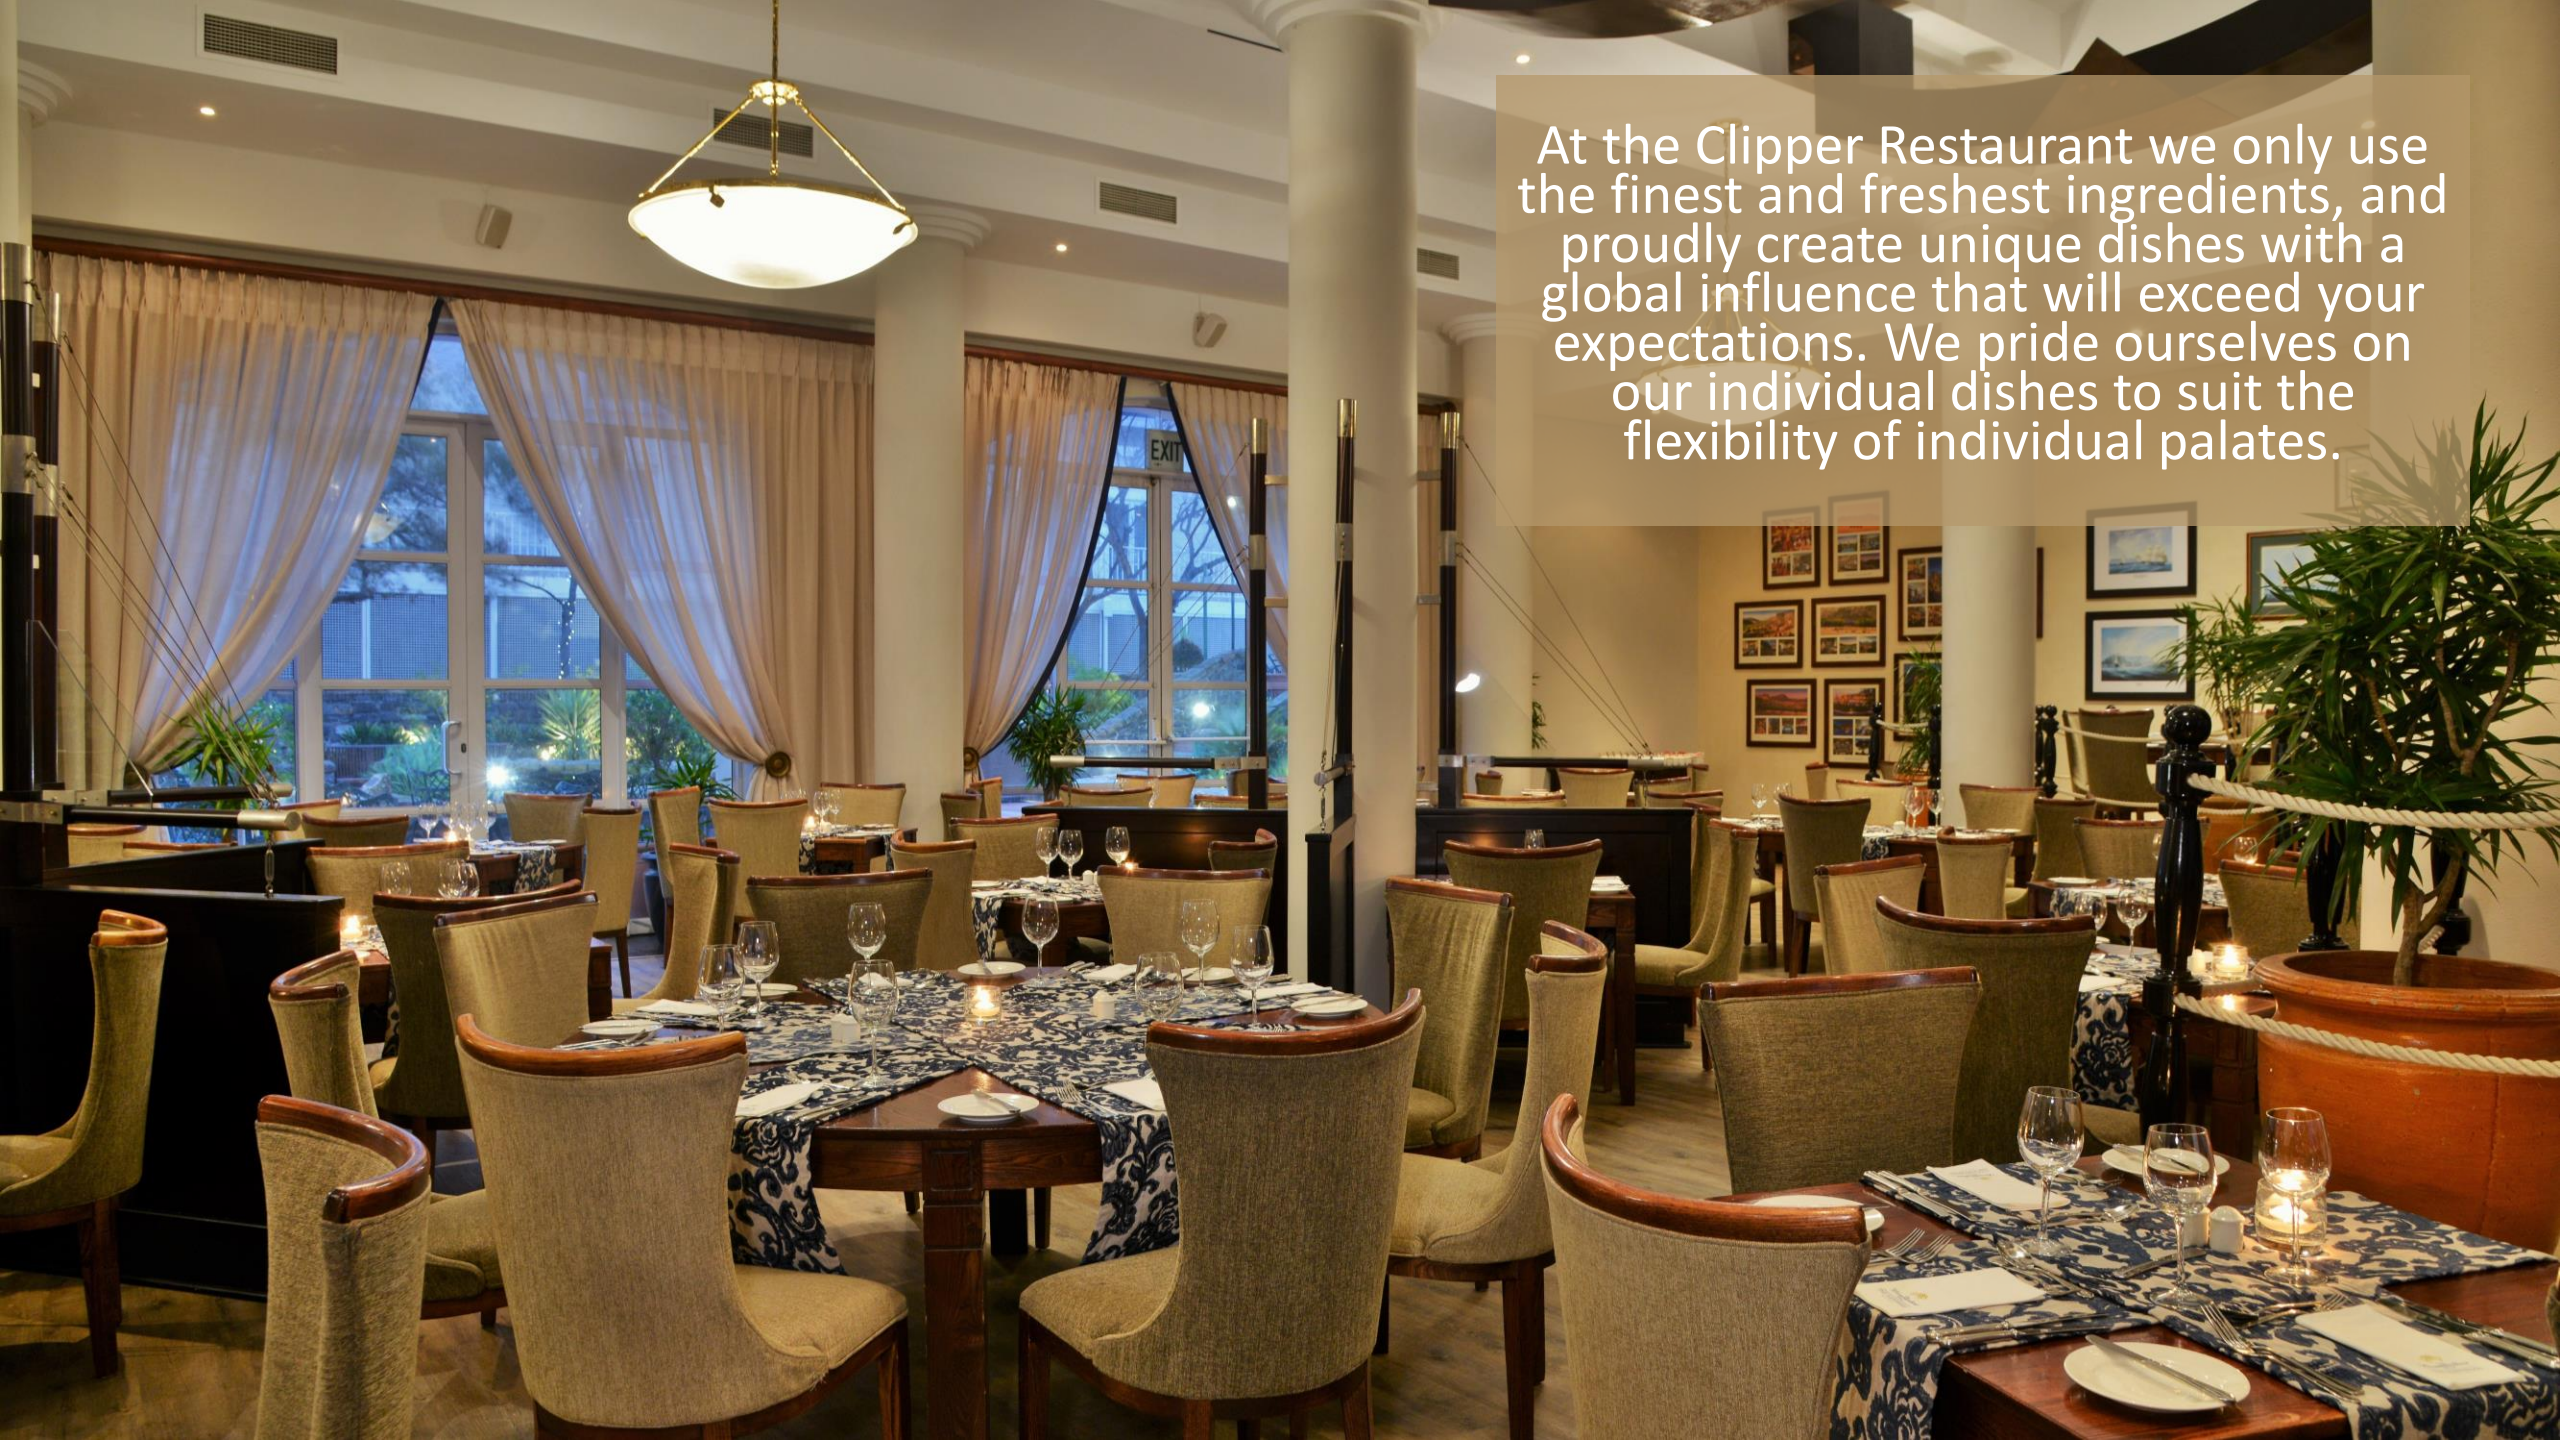

Located in the Victoria & Alfred Waterfront, The Commodore Hotel provides sweeping views of Table Mountain, Cape Town Harbour and Robben Island.

Our Admiralty bar and lounge is a popular meeting and relaxation spot for guests and visitors to the hotel. Upon entering the lounge area, you are greeted by a fireplace and warm wooden furnishings. Strongly influenced by a nautical theme, scale models of ships, as well as artwork, remind patrons of these glorious vessels that once sailed the oceans

The image shows the interior of a restaurant named 'The Clipper'. The room is filled with wooden tables and upholstered chairs. Each table is set with a blue and white patterned tablecloth, white plates, silverware, and wine glasses. Small lit candles are placed on the tables, creating a warm atmosphere. Large windows with light-colored curtains are visible, looking out onto a night scene. A large potted plant is on the right side of the frame. In the background, there are framed pictures on the wall and a rope railing. A semi-transparent text box is overlaid on the right side of the image.

At the Clipper Restaurant we only use the finest and freshest ingredients, and proudly create unique dishes with a global influence that will exceed your expectations. We pride ourselves on our individual dishes to suit the flexibility of individual palates.

Casuarina Wellness Centre, is also an exquisite award-winning spa. With a contemporary décor approach, a designer steam room and our experienced team, Casuarina has become one of the Mother City's leading day spas – favoured by locals and tourists alike.

The double volume gym area, with steam room, sauna and cloak rooms (fitted with luxury showers and lockers for your valuables) offers state of the art Technogym equipment that guarantees a full workout.
